## Nearly 40 years fighting for the future

- ▶ OLCV has helped pass groundbreaking environmental laws in the Oregon Legislature to better manage, fund and protect our natural resources and our health. These include a 10-year moratorium on offshore drilling off Oregon's coast and expanding Oregon's landmark bottle bill.
- ▶ OLCV organizes one of the largest volunteer get-out-the-vote efforts in the state and has helped elect hundreds of pro-environment leaders who have gone on to fight for renewable energy, more livable communities, cleaner air and water, and healthier families.
- ▶ OLCV has published the Environmental Scorecard for the Oregon Legislature after every session since 1973, educating voters about whether their elected officials are protecting Oregon's unique quality of life.

The Oregon League of Conservation Voters passes laws that protect our natural legacy, elects pro-environment candidates, and holds all of our elected officials accountable.

# Turning Environmental Values Into Oregon Priorities

# Joining the Oregon League of Conservation Voters is an investment in Oregon's future.

## We all want the same thing: To protect the health of our communities and preserve Oregon's natural legacy.

Here in Oregon, we're proud of the incredible natural resources that sustain our local economies and make our state a great place to live and visit. From our bike-friendly cities to our iconic mountains, rivers, desert and coast, there really is no place like Oregon.

But to protect what we love about living here—our water, air, forests, farms and wildlife—we can't afford to ignore politics.

While Oregon boasts landmark environmental laws like the Beach Bill and the Bottle Bill, and has a reputation for sustainable development, we still have a lot of work to do.

## OLCV elects pro-environment candidates and passes strong laws to protect Oregon.

Who we elect matters. Oregon needs strong leaders who will protect our way of life for future generations. OLCV helps elect those leaders.

And then, we make sure they protect the environment. OLCV mobilizes Oregon's environmental community to fight on the frontlines in the Oregon Legislature. Together, we protect existing environmental safeguards and create innovative solutions where we need them.

That means fighting climate change, investing in clean energy and creating jobs, reducing our exposure to toxic chemicals and protecting our drinking water, preserving our forests and farmland, and creating healthy, livable communities for all Oregonians.

Read about a few of OLCV's successes on the back of this brochure or visit [www.olcv.org](http://www.olcv.org).

## OLCV empowers citizens like you to take action.

OLCV connects you with your elected lawmakers, so they know that protecting the environment and fighting climate change are priorities. And we make sure you know which elected officials are beholden to corporate interests that put their own profits before our children and grandchildren.

"OLCV works to protect Oregon from environmental disasters like the BP oil spill and is leading the charge against climate change."

—Karol Collymore, OLCV Member

"I support OLCV because I want to make sure I can pass on our state's unique natural legacy to my daughter and her kids."

—Rhett Lawrence, OLCV Member, with daughter Camille

## Join OLCV's Sustaining Circle to give a set amount automatically, every month.

Monthly giving is easy and affordable. You can increase, decrease, or stop your contributions at any time simply by contacting us.

Some Sustaining Circle donors give a lot, many give a little: Together their reliable support helps OLCV plan for the future, and respond quickly to urgent needs.

Learn more at [www.olcv.org/whymonthly](http://www.olcv.org/whymonthly) and sign up online or send us the form to the right.
